

Requests from the prefectural government in regards to COVID-19

1. To prevent catching and/or spreading COVID-19

(1) Basic infection control measures

- Please wear a mask.
- Please be thorough when washing hands (using soap) and gargling.
- Avoid places with insufficient ventilation and large numbers of people, and places in which you cannot adequately socially distance.

(2) When going out

- Please avoid travelling to areas in which COVID-19 is on the rise.
- Properly follow the basic infection control measures and remain cautious.
- Avoid going to crowded places and those with a high risk of infection.
- If you have symptoms such as a fever, please avoid travelling etc.

(3) When going out to eat

- Please wear your mask when not eating and drinking.
- Do not share chopsticks, cups etc. with other people.
- Go to restaurants that have thorough infection control measures in place.
- Please refrain from going out to eat for long periods of time, or with large groups of people.

(4) When experiencing symptoms of COVID-19

- Please refrain from having contact with other people if you are experiencing a fever, cough etc.
- Call a hospital and arrange to have a test immediately.

(Those who are suffering from a fever or other symptoms can scan this QR code to find hospitals performing COVID-19 tests).

When accessing the Kagawa Prefecture homepage through a web browser (latest versions of Google Chrome, Microsoft Edge, Safari), content can be translated into Indonesian, Spanish, Tagalog, Vietnamese, Portuguese, English and Chinese (Simplified and Traditional)

Please be aware that the homepage uses a machine translation function, and so there may be occasions in which the translation is inaccurate.

2. In regards to free PCR tests

- You can have a free PCR test if you feel uneasy about infection, have been outside of the prefecture etc.
(For more information about free PCR tests, please scan this QR code)
- If your result is positive, immediately take a test at a hospital or similar institution.

3. In regards to vaccination

- In order to prevent the spread of COVID-19, we ask that those from abroad get vaccinated.
- Please confirm vaccine locations, book in, and go on the designated date and time to receive your vaccination.
(Please scan this QR code to find vaccination locations and for more information on booking)
- There is no cost for vaccination.
