【How to apply】
You can register using the QR code
or by phone

The Setouchi International Art Festival is held once every three years.
We are organising a bus tour where you can experience the Setouchi International Art Festival and a workshop where you can learn about "disaster preparedness" on the same day. Please join us!

Disaster prevention workshop
Lecturer
Kagawa University Associate Professor Department of Engineering and Design
Doctor of Informatics / Weather Forecaster
Ph.D. Kensuke Takenouchi

In order to think about disaster preparedness in the event of a heavy rainfall, we'll use the disaster response training tool "Video Ametore". Afterwards, you will learn the basics of disaster preparedness in Japan by reflecting on each situation as a group.
